Invitation to Opportunity Thailand Under Thailand 4.0 Breakfast Seminar

Thailand enjoys a strategic location as a gateway to the heart of Asia, the largest growing economic market in the world. Thailand also offers convenient trade opportunities with China, India and member countries of the Association of Southeast Asian Nations (ASEAN), where new and emerging markets offer strong business potential. As the second largest member of ASEAN, Thailand is also part of the intra-ASEAN trade network, worth more than \$608.6 billion a year. Investors can leverage Thailand's position within the ASEAN Free Trade Area (AFTA) and enjoy low customs tariffs and duties, ranging from 0%-5% to import products to a region that is home to more than 600 million people. Thailand offers investors enhanced opportunities and competitiveness in a wide variety of industries, including digital, software development, aerospace, automotive, machinery, electrical and electronics products, agro-industry, biotechnology, renewable energy and high value-added services for the Asian markets.

In this regard, the Thailand Board of Investment (BOI) cordially invites you to attend a complimentary breakfast seminar in Vancouver on **Thursday March 15, 2018 between 8:00-10.00 AM at Salon Pommard, Lobby Level of La Grande Résidence at The Sutton Place Hotel** during which speakers from Royal Thai Consulate-General, Vancouver, Thailand Board of Investment and Thai Trade Center, Vancouver will provide you with the most updated information on Investment Opportunities in Thailand, Eastern Economic Corridor (EEC) Project and how to start a business in Thailand.

Following the presentation, several Thailand Board of Investment's officers will be available for you to discuss your potential business plans. They will be happy to assist your company in successfully planning your next step(s).
